FEATURED GUEST SPEAKER

Dean Brockob, LC, LEED AP

Our presenter is a graduate of the lighting program at the University of Colorado, has over 20 years experience in the lighting industry, and he is currently President of the Atlanta IES Section. Dean has collected hundreds of photos of "Lighting Gone Bad" and prepared them for a very entertaining, informative, and fun filled presentation.

CONTINUING EDUCATION

This program is registered with the American Institute of Architects Continuing Education System. AIA/LEU credits earned will be reported to CES and recorded for AIA members. Certificates of Completion for non-AIA members will be available upon request.
